

Name: _____

Be a Water-Smart Aquanaut!

Water is fun when we're smart about it.

1. Never Swim Alone

Always have a **buddy**. When you hear "**Buddy check!**":

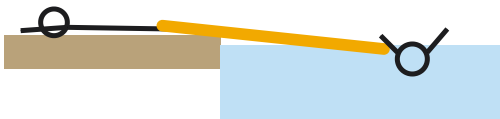

1. Grab your buddy's hand
2. Raise your hands up high
3. Freeze and be quiet

2. Swim Safe Rules

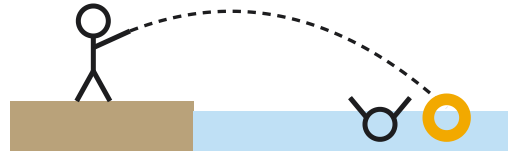

- A trained adult and lifeguard are there
- Tell an adult if you feel sick
- Stay in **your** swim area
- Walk, don't run
- Listen to the lifeguard

3. Someone in Trouble in the Water?

YELL for help → REACH or THROW → DON'T GO in!

REACH: Lie down and hold out a pool noodle or towel.

THROW: Toss something that floats past them.

4. Too Cold?

Shivering means get out, dry off, and warm up.

Watch your buddy for the **Umbles**:

Stumbles · Mumbles
Fumbles · Grumbles

See the Umbles? **Tell an adult!**

5. Swim Day

Tread water: Stay tall, move your arms and legs slowly, and breathe.

Swim test: Try your best. **Trying counts!**

My buddy: _____
